On Jan. 16, **Jerry Porter** received a special award from the Mathematical Association of America for distinguished service in the field. The award was presented at the Joint Mathematics Meetings in Denver. Jerry spent his whole career in mathematics, primarily at the University of Pennsylvania. For more details on the background of this award and Jerry's contributions, which earned him the award, go to www.math.upenn.edu/~gjporter/GungHu/citation.pdf.
